www.divyeshghediya.com

I pay attention to small details and believe that designing affordances with the user in mind is essential for creating intuitive simple interfaces. I enjoy prototyping because it encourages me to consider other approaches and interaction models.

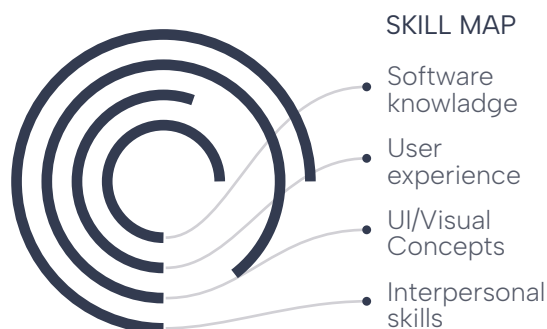

## SKILLS

I have experience working with teams to brainstorm and whiteboard concepts. I can create wireframes at varying levels of fidelity and enjoy prototypes ideas. I have some front-end coding knowledge and enjoy working with devs to build ideas out.

Software that I'm familiar with:

I have worked with many different prototyping tools – to avoid a lull list above, I've kept it to just my favorites. I would be happy to learn new tools.
