I completed graduation with B.Com – Finance & Accounts in 2012 from the M.S. University of Baroda. The real kick-start of my professional career began after graduation, when I started pursuing my passion of designing. Initially, I worked as a freelance graphic designer, before taking up a full-time job in 2013. Ever since then, I've worked in reputed Advertising agencies & IT Companies, where I've got excellent opportunities to showcase my talent & creativity, improve my skills in print, digital media & UI/UX design.
